

## PREFERRED CATERERS

---

To best service the diverse needs of our customers, The Ballroom at McKay has hand selected the following Preferred Caterers. Customers are offered the flexibility of building their vendor teams to best fit their needs and expectations for their event. Each Preferred Caterer was chosen based upon their excellent reputation within the special event and culinary industries. The service experience they have created, and continue to create, is second to none. No outside food can be brought in.
